**Yahoo Japan Corporation Announces Results of Tender Offer for
Shares of Common Stock and Stock Acquisition Rights of Synergy Marketing, Inc.,
and Transfer of Subsidiary**

At its board of directors meeting held on August 7, 2014, Yahoo Japan Corporation (the “Tender Offeror” or the “Company”) resolved to acquire the shares of common stock and the stock acquisition rights of Synergy Marketing, Inc. (the “Target”), listed on the JASDAQ market of the Tokyo Stock Exchange, Inc. (the “Tokyo Stock Exchange”), through a tender offer (the “Tender Offer”). The tender offer opened on August 8, 2014 and closed on September 24, 2014. The results are as stated below.

Because, as a result of the tender offer, the Target will become a consolidated subsidiary of the Company, effective as of the start of the settlement period for the Tender Offer (October 1, 2014), the Target’s conversion to a consolidated subsidiary is being announced in conjunction with the results of the Tender Offer.

I. Results of Tender Offer

1. Outline of Tender Offer

(1) Name and Address of Tender Offeror

Yahoo Japan Corporation
9-7-1 Akasaka, Minato-ku, Tokyo

(2) Name of Target

Synergy Marketing, Inc.

(3) Type of Share Certificates and Other Securities Subject to the Tender Offer

(ii) Stock acquisition rights

- a. Stock acquisition rights issued on August 22, 2006, pursuant to a resolution passed at the Target’s ordinary general meeting of shareholders held on March 29, 2006 (the “First Series Stock Acquisition Rights”)

b. Stock acquisition rights issued on Mach 5, 2007, pursuant to a resolution passed at the Target’s ordinary general meeting of shareholders held on March 29, 2006 (the “Second Series Stock Acquisition Rights; the stock acquisition rights set forth in a. and b. are collectively referred to as the “Stock Acquisition Rights.”)

(4) Number of Share Certificates and Other Securities to Be Acquired

Number to Be Acquired	Minimum Number to Be Acquired	Maximum Number to Be Acquired
9,196,857 (shares)	6,131,300 (shares)	— (shares)

Note 1: The number of shares used as the basis for the calculation of the number of shares to be acquired, minimum number of shares to be acquired, and other proportions in this Announcement is 9,196,857 shares (the “Base Number of Shares”). The Base Number of Shares is obtained by reflecting the status of the holding and exercise of the Stock Acquisition Rights on or prior to July 31, 2014 to the number of shares obtained by subtracting the number of treasury stock held by the Target (i.e., 59,143 shares), as set forth in the Summary of Financial Statements for the Second Quarterly Report of the Fiscal Year Ending in December 2014 (Japan GAAP) (Consolidated) disclosed by the Target on August 7, 2014 (the “Summary of Financial Statements of the Target”) from the total issued shares of the Target as of June 30, 2014 (i.e., 9,128,000 shares), as set forth in the Summary of Financial Statements of the Target (9,068,857 shares; the “Base Number of Shares without Taking the Stock Acquisition Rights into Consideration”).

Out of 137 units of the First Series Stock Acquisition Rights and 77 units of the Second Series Stock Acquisition Rights that were outstanding as of February 28, 2014, as set forth in the Annual Securities Report for the 9th Business Period filed by the Target on March 25, 2014, according to the Target, 89 units of the First Series Stock Acquisition Rights and 7 units of the Second Series Stock Acquisition Rights were cancelled or exercised during the period from March 1, 2014 to July 31, 2014. (i) The number of shares of the common stock of the Target to be issued for the remaining Stock Acquisition Rights after taking such cancellation and exercise (the First Series Stock Acquisition Rights (48 units); and the Second Series Stock Acquisition Rights (70 units), respectively) into consideration is 94,400 shares. In addition, according to the Target, (ii) the number of shares of the common stock of the Target increased by the exercise of the Stock Acquisition Rights during the period from July 1, 2014 to July 31, 2014 is 33,600 shares. The Base Number of Shares is obtained by adding the numbers indicated in the above (i) and (ii) (128,000 shares in total) to the Base Number of Shares without Taking the Stock Acquisition Rights into Consideration (i.e., 9,068,857 shares), which is 9,196,857 shares.

The number of shares described in the column “Number to Be Acquired” above, as the maximum number of share certificates and other securities of the Target to be acquired by the Tender Offeror through the Tender Offer, is the Base Number of Shares (9,196,857 shares). Moreover, the number of shares described in the column “Minimum Number to Be Acquired” above is two-thirds (2/3) of the Base Number of Shares (which is 6,131,238 shares) rounding

up the shares less than one (1) unit (100 shares).

Note 2: If the aggregate of the tendered share certificates and other securities does not reach such minimum number of shares (6,131,300 shares) to be purchased, tendered share certificates and other securities will not be purchased. If the aggregate of the tendered share certificates and other securities is such minimum number of shares to be purchased or more all of the tendered share certificates and other securities will be acquired.

Note 3: The Tender Offer also targets the shares less than one unit. If the right to request purchase of shares less than one unit is exercised by a shareholder pursuant to the Companies Act, the Target may purchase its own shares from such shareholder during the Tender Offer Period in accordance with the statutory procedures.

Note 4: There is no plan to purchase, through the Tender Offer, the treasury stock held by the Target.

Note 5: Any of the Stock Acquisition Rights may be exercised on or prior to the last day of the Tender Offer Period. Shares of the Target that are to be issued or transferred upon such exercise are also subject to the Tender Offer.

(5) Tender Offer Period

(i) Tender Offer Period determined at time of filing of the tender offer registration statement

From August 8, 2014 (Friday) through September 24, 2014 (Wednesday) (thirty two business days)

(ii) Possible extension of Tender Offer Period at Target's request

Not applicable

(6) Tender Offer Purchase Price

- | | |
|--|-----------------------------------|
| (i) Common Stock | 1,006 yen per share |

2. Result of Tender Offer

(1) Success or Failure of the Tender Offer

One of the conditions of the Tender Offer was that if the aggregate of the tendered share certificates and other securities does not reach a minimum number of shares (6,131,300 shares) to be acquired, tendered share certificates and other securities would not be purchased. However the aggregate of the tendered share certificates and other securities (8,695,153 shares) exceeded this minimum number of shares (6,131,300 shares). Therefore, in accordance with the public notice of

Commencement of Tender Offer and the tender offer registration statement, all of the tendered share certificates and other securities were purchased.
