Disclaimers

This presentation provides relevant information about SoftBank Group Corp. ("SBG") and its subsidiaries (together with SBG, the "Company") and its affiliates (together with the Company, the "Group") and does not constitute or form any solicitation of investment including any offer to buy or subscribe for any securities in any jurisdiction.

This presentation contains forward-looking statements, beliefs or opinions regarding the Group, such as statements about the Group's future business, future position and results of operations, including estimates, forecasts, targets and plans for the Group. Without limitation, forward-looking statements often include the words such as "targets", "plans", "believes", "hopes", "continues", "expects", "aims", "intends", "will", "may", "should", "would", "could", "anticipates", "estimates", "projects" or words or terms of similar substance or the negative thereof. Any forward-looking statements in this presentation are based on the current assumptions and beliefs of the Group in light of the information currently available to it as of the date hereof. Such forward-looking statements do not represent any guarantee by any member of the Group or its management of future performance and involve known and unknown risks, uncertainties and other factors, including but not limited to: the success of the Group's business model; the Group's ability to procure funding and the effect of its funding arrangements; key person risks relating to the management team of SBG; risks relating to and affecting the Group's investment activities; risks relating to SB Fund (defined as below), its investments, investors and investees; risks relating to SoftBank Corp. and the success of its business; risks relating to law, regulation and regulatory regimes; risks relating to intellectual property; litigation; and other factors, any of which may cause the Group's actual results, performance, achievements or financial position to be materially different from any future results, performance, achievements or financial position expressed or implied by such forward-looking statements. For more information on these and other factors which may affect the Group's results, performance, achievements, or financial position, see "Risk Factors" on SBG's website at https://group.softbank/en/ir/investors/management_policy/risk_factor. None of the Group nor its management gives any assurances that the expectations expressed in these forward-looking statements will turn out to be correct, and actual results, performance, achievements or financial position could materially differ from expectations. Persons viewing this presentation should not place undue reliance on forward looking statements. The Company undertakes no obligation to update any of the forward-looking statements contained in this presentation or any other forward-looking statements the Company may make. Past performance is not an indicator of future results and the results of the Group in this presentation may not be indicative of, and are not an estimate, forecast or projection of the Group's future results.

The Company does not guarantee the accuracy or completeness of information in this presentation regarding companies (including, but not limited to, those in which SB Funds have invested) other than the Group which has been quoted from public and other sources.

Important Notice – Trading of SBG Common Stock, Disclaimer Regarding Un-sponsored American Depository Receipts.

SBG encourages anyone interested in buying or selling its common stock to do so on the Tokyo Stock Exchange, which is where its common stock is listed and primarily trades. SBG's disclosures are not intended to facilitate trades in, and should not be relied on for decisions to trade, un-sponsored American Depository Receipts ("ADRs").

SBG has not and does not participate in, support, encourage, or otherwise consent to the creation of any un-sponsored ADR programs or the issuance or trading of any ADRs issued thereunder in respect of its common stock. SBG does not represent to any ADR holder, bank or depository institution, nor should any such person or entity form the belief, that (i) SBG has any reporting obligations within the meaning of the U.S. Securities Exchange Act of 1934 ("Exchange Act") or (ii) SBG's website will contain on an ongoing basis all information necessary for SBG to maintain an exemption from registering its common stock under the Exchange Act pursuant to Rule 12g3-2(b) thereunder.

To the maximum extent permitted by applicable law, SBG and the Group disclaim any responsibility or liability to ADR holders, banks, depository institutions, or any other entities or individuals in connection with any un-sponsored ADRs representing its common stock.

The above disclaimers apply with equal force to the securities of any of the Group which are or may in the future be the subject of un-sponsored ADR programs, such as SoftBank Corp. or Z Holdings Corporation.

Notice regarding Fund Information contained in this Presentation

This presentation is furnished to you for informational purposes and is not, and may not be relied on in any manner as, legal, tax, investment, accounting or other advice or as an offer to sell or a solicitation of an offer to buy limited partnership or comparable limited liability equity interests in any fund managed by a subsidiary of SBG, including SB Investment Advisers (UK) Ltd. ("SBIA"), SBLA Advisers Corp. ("SBLA") and any of their respective affiliates (collectively, the "SB Fund Managers" and each an "SB Fund Manager") (such funds together with, as the context may require, any parallel fund, feeder fund, co-investment vehicle or alternative investment vehicle collectively, the "SB Funds" and each an "SB Fund"). For the avoidance of doubt, the SB Funds include, among other funds, SoftBank Vision Fund L.P. (together with, as the context may require, any parallel fund, feeder fund, co-investment vehicle or alternative investment vehicle, the "Vision Fund I" or "SVF1"), and SoftBank Vision Fund II-2 L.P. (together with, as the context may require, any parallel fund, feeder fund, co-investment vehicle or alternative investment vehicle, the "Vision Fund II" or "SVF2"), which are managed by SBIA and its affiliates, SoftBank Latin America Fund L.P. (together with, as the context may require, any parallel fund, feeder fund, co-investment vehicle or alternative investment vehicle, the "SoftBank Latin America Fund" or "LatAm Fund"), which is managed by SBLA and its affiliates.

None of the SB Funds (including the Vision Fund I, Vision Fund II and SoftBank Latin America Fund), the SB Fund Managers (including SBIA and SBLA), any successor or future fund managed by a SB Fund Manager, SBG or their respective affiliates makes any representation or warranty, express or implied, as to the accuracy or completeness of the information contained herein and nothing contained herein should be relied upon as a promise or representation as to past or future performance of the SB Funds or any other entity referenced in this presentation, or future performance of any successor or the future fund managed by a SB Fund Manager.

Information relating to the performance of the SB Funds or any other entity referenced in this presentation has been included for background purposes only and should not be considered an indication of the future performance of the relevant SB Fund, any other entity referenced in this presentation or any future fund managed by an SB Fund Manager. References to any specific investments of an SB Fund, to the extent included therein, are presented to illustrate the relevant SB Fund Manager's investment process and operating philosophy only and should not be construed as a recommendation of any particular investment or security. The investment performance of individual investments of an SB Fund may vary and the performance of the selected transactions is not necessarily indicative of the performance of all of the applicable prior investments. The specific investments identified and described in this presentation do not represent all of the investments made by the relevant SB Fund Manager, and no assumption should be made that investments identified and discussed therein were or will be profitable.

The performance of an SB Fund in this presentation is based on unrealized valuations of portfolio investments. Valuations of unrealized investments are based on assumptions and factors (including, for example, as of the date of the valuation, average multiples of comparable companies, and other considerations) that the relevant SB Fund Manager believes are reasonable under the circumstances relating to each particular investment. However, there can be no assurance that unrealized investments will be realized at the valuations indicated in this presentation or used to calculate the returns contained therein, and transaction costs connected with such realizations remain unknown and, therefore, are not factored into such calculations. Estimates of unrealized value are subject to numerous variables that change over time. The actual realized returns on the relevant SB Fund's unrealized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the relevant SB Fund Manager's valuations are based.

Past performance is not necessarily indicative of future results. The performance of an SB Fund or any future fund managed by an SB Fund Manager may be materially lower than the performance information presented in this presentation. There can be no assurance that each SB Fund or any future fund managed by the relevant SB Fund Manager will achieve comparable results as those presented therein.

The actual realized return on unrealized investments by an SB Fund may differ materially from the performance information indicated in this presentation. No assumption should be made that investments identified and discussed in this presentation were or will be profitable, or that investments made in the future will be comparable in quality or performance to the investments described therein.

Third-party logos and vendor information included in this presentation are provided for illustrative purposes only. Inclusion of such logos does not imply affiliation with or endorsement by such firms or businesses. There is no guarantee that an SB Fund Manager, an SB Fund's portfolio companies, any future portfolio companies of a future fund managed by an SB Fund Manager or SBG will work with any of the firms or businesses whose logos are included in this presentation in the future.

SBIA and SBLA manage separate and independent operations and processes from each other and those of SBG and any SB Funds managed by SBIA or SBLA are solely managed by SBIA or SBLA respectively.

*2 Gross Return = Unrealized value + Realized value (incl. realized dividend income related to portfolio companies). Realized values are gross of transaction fees, taxes and other expenses. SBG's return on any SVF1 portfolio company is not the full return amount for the SVF1 but is instead proportionate to its commitment amount to SVF1 and any return received as a parent to the Manager, and does not reflect fees and expenses that would reduce the value of returns experienced by SVF1. As of March 31, 2021.

*3 Gross Return = Unrealized value. SBG's return on any SVF2 portfolio company is not the full return amount for the SVF2 but is instead proportionate to its commitment amount to SVF2 and any return received as a parent to the Manager, and does not reflect fees and expenses that would reduce the value of returns experienced by SVF2 investors. As of March 31, 2021.

- Alibaba: calculated by multiplying the number of Alibaba shares (ADR) held by SBG by the share price of Alibaba; less (i) the sum of the amount to be settled at the maturity (calculated by using the share price of Alibaba) of the unsettled portion of prepaid forward contracts using Alibaba shares (floor contracts, collar contracts, and call spread), (ii) the amount equivalent to the outstanding margin loan backed by Alibaba shares executed in March 2021, and (iii) the amount equivalent to the outstanding margin loan backed by Alibaba shares executed by SB Northstar in October 2020.
- SBKK: calculated by multiplying the number of shares held by SBG by the share price of SBKK, deducting the amount equivalent to the outstanding margin loan backed by SBKK shares
- SVF1: value equivalent to SBG's portion of SVF1's holding value + performance fee accrued, etc.
- SVF2: value equivalent to SVF2's holding value + performance fees accrued
- T-Mobile (formerly Sprint): calculated by multiplying the number of shares held by SBG (including the number of shares subject to call options (101,491,623 shares) received by Deutsche Telekom AG) by the share price of T-Mobile. Adding fair value of SBG's right to acquire T-Mobile shares (48,751,557 shares) for no additional consideration if certain conditions are met, and fair value of the right of a subsidiary of SBG to receive T-Mobile shares if certain conditions are met, in connection with the transaction in which T-Mobile sold T-Mobile shares to Trust that offered its Cash Mandatory Exchangeable Trust Securities. Deducting the amount of derivative financial liabilities relating to the call options received by Deutsche Telekom AG and the loan amount that is considered as asset-backed financing non-recourse to SBG, which is a portion of the total borrowing amount from margin loan using T-Mobile shares pledged as collateral. SBG has, as an exception, guaranteed a portion of the \$4.38B margin loan backed by T-Mobile shares. The amount not guaranteed by SBG, is considered as a non-recourse loan amount obtained by asset-backed financing.
- Arm: calculated based on the acquisition cost for SBG, excluding the number of Arm shares held by SVF1.
- Investments in listed stocks: value equivalent to SBG's portion of SB Northstar's holding value, etc., adding the amount equivalent to the outstanding margin loan backed by Alibaba shares executed by asset management subsidiaries in October 2020.
- Others: calculated by multiplying the number of shares held by SBG by each share price for listed shares, and calculated based on fair value for unlisted shares, etc. held by SBG

<Valuation Process>

SBIA is responsible for determining fair values of the investments in SVF1 on a quarterly basis in line with the requirements of the AIFM Directive (as issued by the FCA). The SBIA Portfolio Valuations team is functionally independent from portfolio management and may engage external specialists with a high level of knowledge and experience as needed, in determining the fair value of equity investments and certain complex financial instruments. In parallel, the Investor Advisory Board of SVF1 has appointed certain external firms as Independent Valuers to perform semi-annual independent valuation for SVF1's investments. Valuation results, as determined by the SBIA Portfolio Valuations team, are reviewed and approved by the SBIA Valuation and Financial Risk Committee ("VFRC"), with due consideration of the Independent Valuer's reports where applicable. The VFRC comprises the SBIA CEO, CFO, CRO, General Counsel, Deputy CFO and senior investment professionals. Once approved by the VFRC, valuation results are subject to a financial statement audit by SVF1's independent auditors (Deloitte). The SBIA UK Board gives final approval of the valuation results.

<Valuation Methodology>

The applicable reporting framework of SVF1 is IFRS (the "Standards"). Specifically, IFRS 13 (Fair Value Measurement) outlines the general framework for measuring fair values. SVF1 is also compliant with the International Private Equity and Venture Capital (IPEV) valuation guidelines. In line with the Standards, SBIA uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs (market share price, etc.) and minimizing the use of unobservable inputs. For companies that are publicly listed in an active market, quoted prices are used without adjustment to measure fair value. For companies that are privately held, the market and income approaches are widely used valuation techniques. The market approach includes the use of Guideline Public Company multiples, industry valuation benchmarks and available market prices. The income approach, otherwise known as the Discounted Cash Flow method, derives the value of a business by calculating the present value of expected future cash flows. The price of a recent transaction, if resulting from an orderly transaction, generally represents fair value as of the transaction date. In applying the recent transaction method, we consider relevant factors including, but not limited to, the participation of new outside investors, the level of sophistication of investors and the size of the investment round. Furthermore, SBIA recognizes the senior-subordinate capital structure of the companies in which SVF1 invests, i.e., senior shares are valued more highly than junior-ranking shares.

<Definitions of Investment Performance>

Net Equity IRR means the internal rate of return of Class A Equity Interests after taking into account management fees, performance fees (carried interest), preferred equity coupon, operational expenses, organizational expenses and other expenses borne by the Limited Partners. It is computed using the Limited Partners' Class A Equity cash outflows (capital contributions) and inflows (distributions), net of investment-related financing, as well as the Net Asset Value attributable to Class A Equity Interests as of March 31, 2021. Net Equity IRR (SBG LP + Manager's Performance Fee) reflects the Net Equity IRR specific to SBG's Class A Equity Interests, modified to reflect the additional impact of performance fee payments and related accruals from the perspective of the Manager.

"Equity" IRRs are provided solely for illustrative purposes, as they reflect only a subset of SVF1's overall performance, and do not reflect the return on Preferred Equity Commitments (which will have a material impact on SVF1's performance in the aggregate, which could be significantly lower), and may not reflect the experience of any limited partner. Results for individual limited partners will vary based on their specific investments as well as the timing of their specific cash flows.

SVF1 has a limited operating history and accordingly, performance information may not be representative and actual realized return on these unrealized investments may differ materially from the performance information indicated herein. SVF1's performance is based in part on valuations of certain investments that were collectively acquired recently by SVF1 from SBG; accordingly, the performance information herein, which is based in part on valuations of unrealized investments, is not indicative of future results. SBG is under no obligation to collectively offer similar assets to SVF1 in the future.

The Manager's performance fee related to exits prior to the end of the investment period has been paid in full to the Manager and is subject to clawback provisions.

Past performance is not indicative of future results.

Net Equity IRR means the internal rate of return of Class A Equity Interests after taking into account management fees, performance fees (carried interest), preferred equity coupon, operational expenses, organizational expenses and other expenses borne by the Limited Partners. It is computed using the Limited Partners' Class A Equity cash outflows (capital contributions) and inflows (distributions), net of investment-related financing, as well as the Net Asset Value attributable to Class A Equity Interests as of March 31, 2021. Net Equity IRR (SBG LP + Manager's Performance Fee) reflects the Net Equity IRR specific to SBG's Class A Equity Interests, modified to reflect the additional impact of performance fee payments and related accruals from the perspective of the Manager. As of March 31, 2021, SVF2's committed capital comprises Class A Equity Interests, only, with SBG as the sole Limited Partner.

SVF2 has a limited operating history and accordingly, performance information may not be representative and actual realized return on these unrealized investments may differ materially from the performance information indicated herein. SVF2's performance is based in part on valuations of certain investments that were collectively acquired recently by SVF2 from SBG; accordingly, the performance information herein, which is based in part on valuations of unrealized investments, is not indicative of future results. SBG is under no obligation to collectively offer similar assets to SVF2 in the future.

Past performance is not indicative of future results.

<Valuation Process>

SBIA is responsible for determining fair values of the investments in SVF1 and SVF2 (together, the "Funds") on a quarterly basis in line with the requirements of the AIFM Directive (as issued by the FCA). The SBIA Portfolio Valuations team is functionally independent from portfolio management and may engage external specialists with a high level of knowledge and experience as needed, in determining the fair value of equity investments and certain complex financial instruments. In parallel, the Investor Advisory Board of SVF1 has appointed certain external firms as Independent Valuers to perform semi-annual independent valuation for SVF1's investments. Valuation results, as determined by the SBIA Portfolio Valuations team, are reviewed and approved by the SBIA Valuation and Financial Risk Committee ("VFRC"), with due consideration of the Independent Valuer's reports where applicable. The VFRC comprises the SBIA CEO, CFO, CRO, General Counsel, Deputy CFO and senior investment professionals. Once approved by the VFRC, valuation results are subject to a financial statement audit by the Funds' independent auditors (Deloitte). The SBIA UK Board gives final approval of the valuation results.

<Valuation Methodology>

The applicable reporting framework of the Funds is IFRS (the "Standards"). Specifically, IFRS 13 (Fair Value Measurement) outlines the general framework for measuring fair values. The Funds are also compliant with the International Private Equity and Venture Capital (IPEV) valuation guidelines. In line with the Standards, SBIA uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs (market share price, etc.) and minimizing the use of unobservable inputs. For companies that are publicly listed in an active market, quoted prices are used without adjustment to measure fair value. For companies that are privately held, the market and income approaches are widely used valuation techniques. The market approach includes the use of Guideline Public Company multiples, industry valuation benchmarks and available market prices. The income approach, otherwise known as the Discounted Cash Flow method, derives the value of a business by calculating the present value of expected future cash flows. The price of a recent transaction, if resulting from an orderly transaction, generally represents fair value as of the transaction date. In applying the recent transaction method, we consider relevant factors including, but not limited to, the participation of new outside investors, the level of sophistication of investors and the size of the investment round. Furthermore, SBIA recognizes the senior-subordinate capital structure of the companies in which the Funds invest, i.e., senior shares are valued more highly than junior-ranking shares.

<Definitions of Investment Performance>

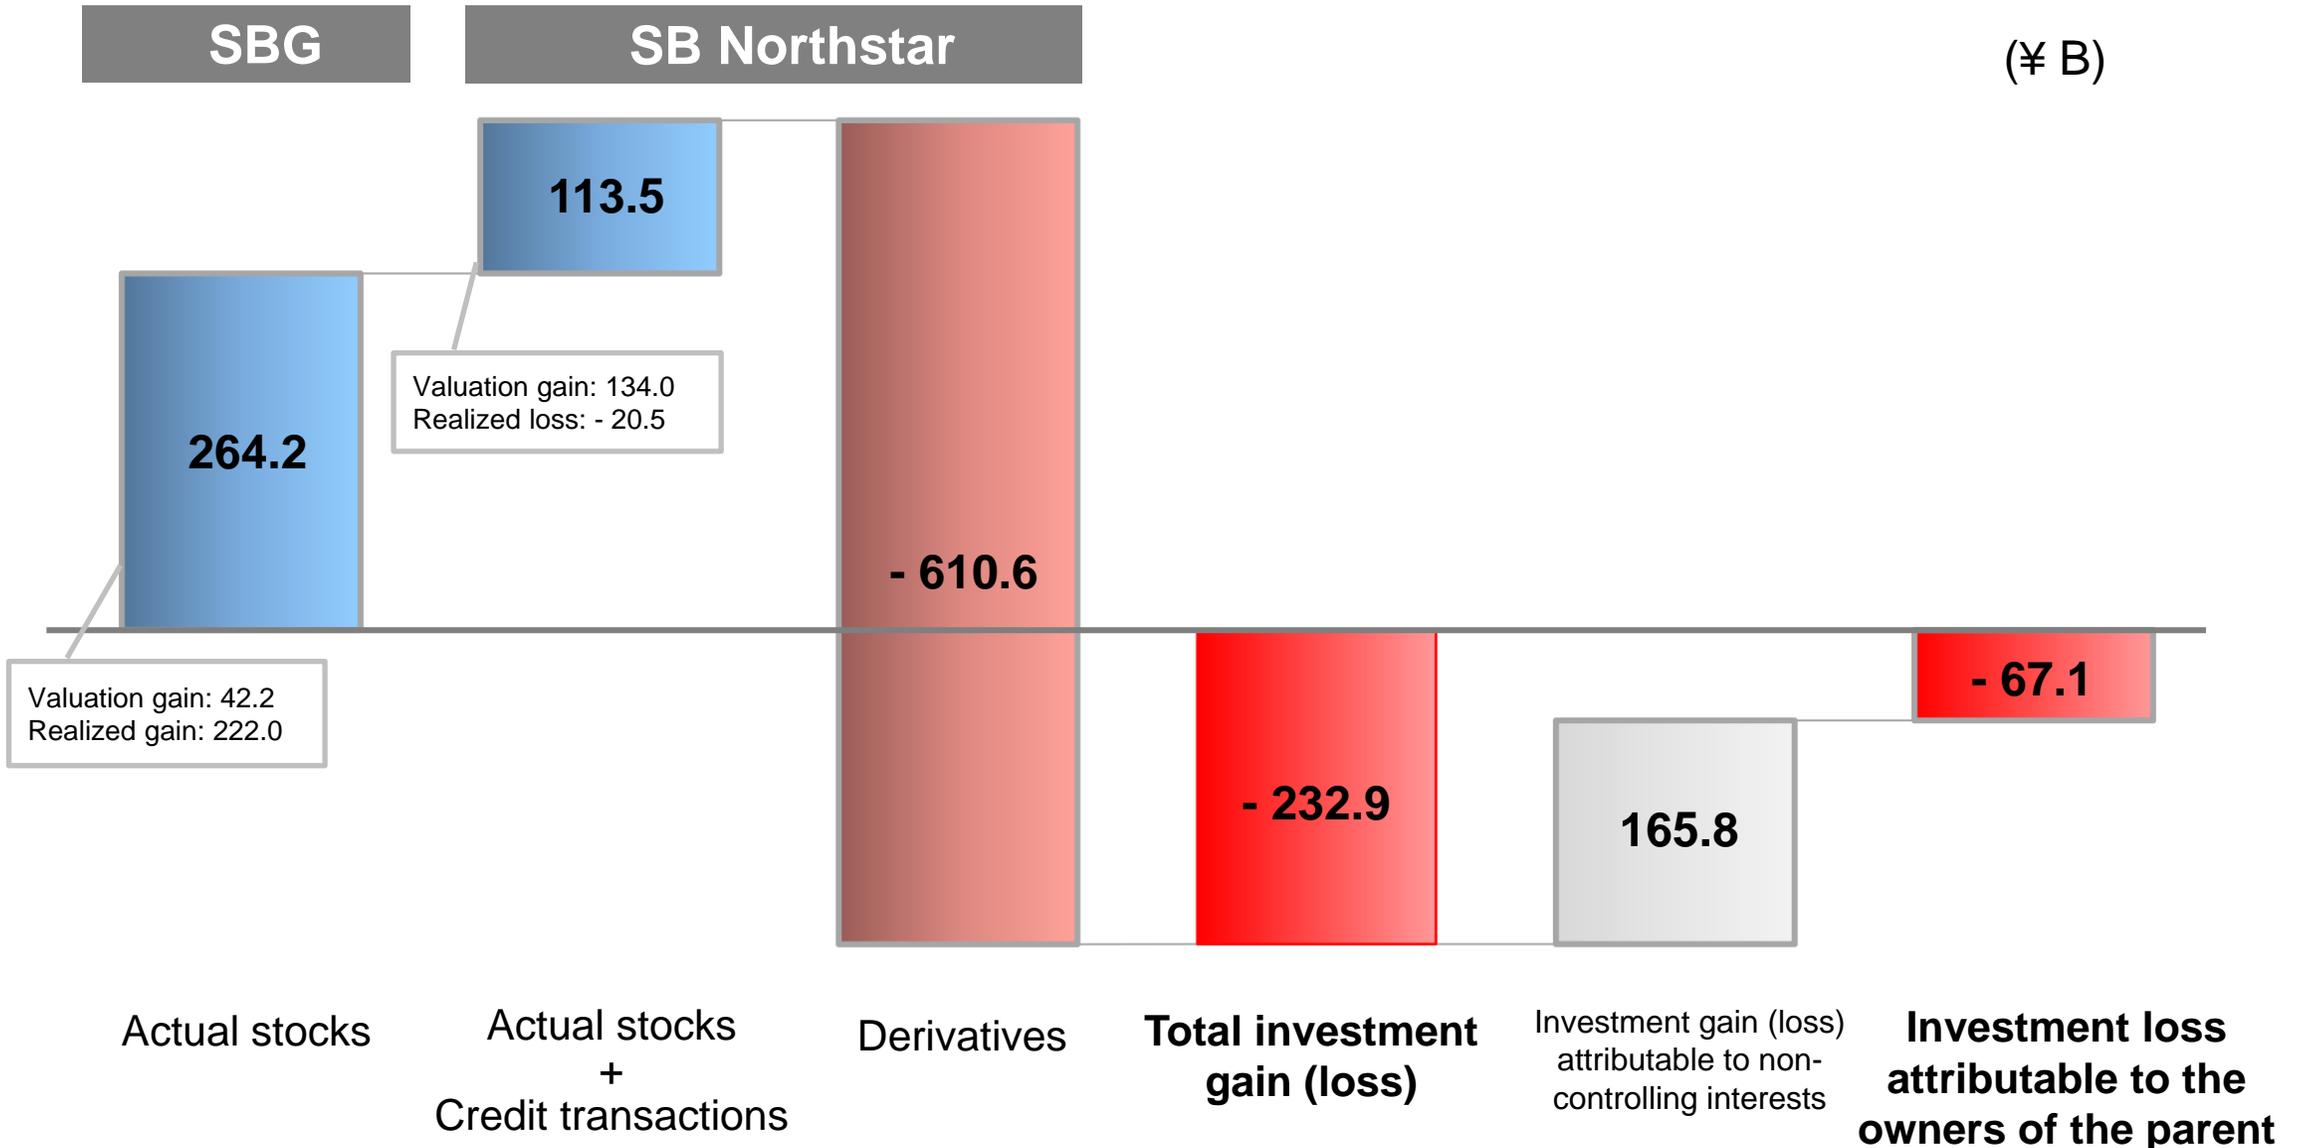

SoftBank Vision Fund 1+2 (SBG (LP) + Manager's Performance Fee) represents the aggregate combined performance since inception for SBG's investments in the Funds, as defined below.

Net Equity IRR means the internal rate of return of Class A Equity Interests after taking into account management fees, performance fees (carried interest), preferred equity coupon, operational expenses, organizational expenses and other expenses borne by the Limited Partners. It is computed using the Limited Partners' Class A Equity cash outflows (capital contributions) and inflows (distributions), net of investment-related financing, as well as the Net Asset Value attributable to Class A Equity Interests as of March 31, 2021. Net Equity IRR (SBG LP + Manager's Performance Fee) reflects the Net Equity IRR specific to SBG's Class A Equity Interests, modified to reflect the additional impact of performance fee payments and related accruals from the perspective of the Manager. With regard to SVF1, the Manager's performance fee related to exits prior to the end of the investment period has been paid in full to the Manager and is subject to clawback provisions. As of March 31, 2021, SVF2's committed capital comprises Class A Equity Interests, only, with SBG as the sole Limited Partner.

The Funds have a limited operating history and accordingly, performance information may not be representative and actual realized return on these unrealized investments may differ materially from the performance information indicated herein. The Funds' performance is based in part on valuations of certain investments that were collectively acquired recently by the funds from SBG; accordingly, the performance information herein, which is based in part on valuations of unrealized investments, is not indicative of future results. SBG is under no obligation to collectively offer similar assets to SVF1 or SVF2 in the future.

Past performance is not indicative of future results.

LTV Calculation: SBG Standalone Net Debt

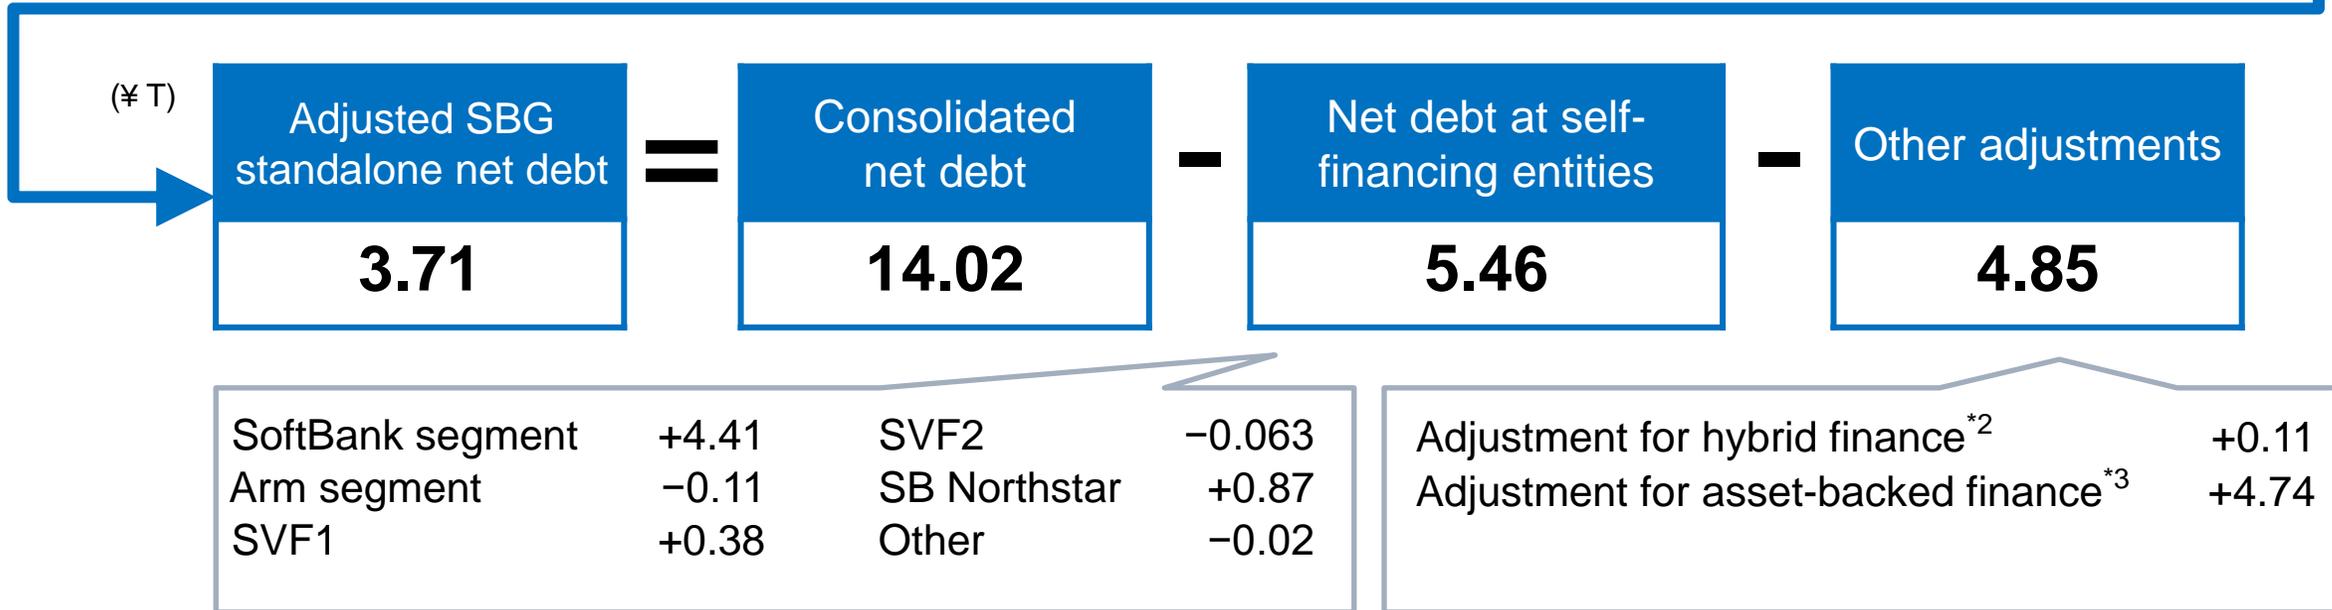

(L) Adjusted
SBG standalone net debt*1

¥3.71T

(V) SBG standalone
equity value of holdings

¥29.81T

= 12.4%

*1 The presented net debt only includes debts to third parties. The presented net interest-bearing debt excludes the amount calculated as deposits for banking business less cash position at The Japan Net Bank (currently PayPay Bank).

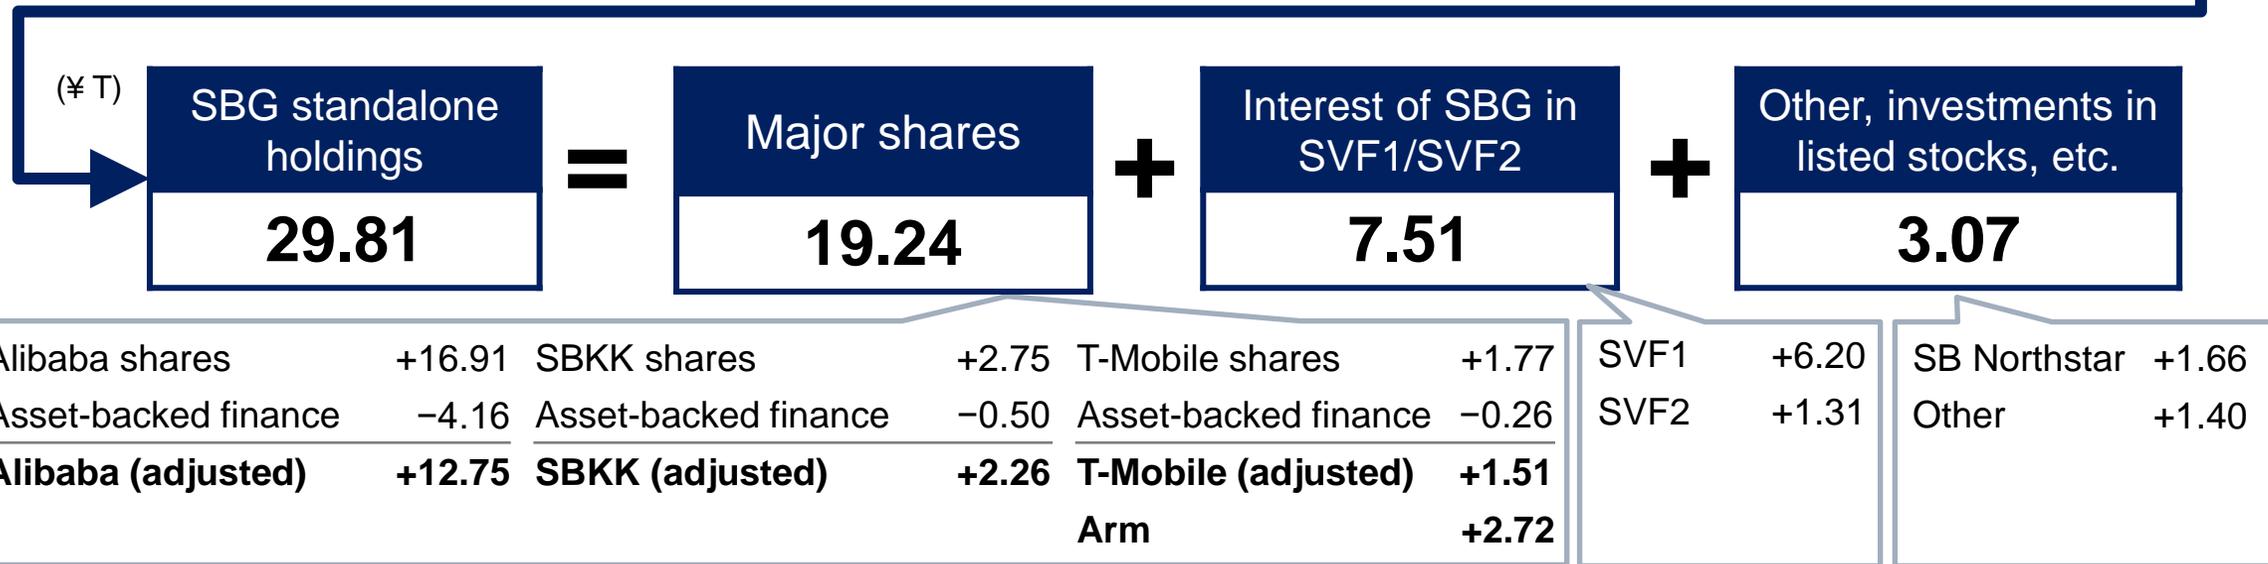

*2 For hybrid bonds issued in July 2017, which are recorded as equity in the consolidated balance sheet, 50% of outstanding amount is treated as debt. For hybrid bonds issued in September 2016 and February 2021, and hybrid loan closed in November 2017, deducting 50% of outstanding amount, recorded as debt in consolidated B/S, that is treated as equity.

*3 The presented net debt considers the following estimated impacts:

a) deducting the sum of (i) the financial liabilities relating to prepaid forward contracts using Alibaba shares (collar contracts) (¥3,085.7B), (ii) the amount equivalent to the outstanding margin loan backed by SBKK shares (¥498.7B), and (iii) the amount equivalent to the outstanding margin loan backed by Alibaba shares (¥894.1B).
 b) deducting the loan amount that is considered as asset-backed financing non-recourse to SBG (¥223.9B), which is a portion of the margin loan using T-Mobile shares pledged as collateral from net debt (¥481.3B). (SBG has, as an exception, guaranteed a portion (\$2.02B) of the outstanding margin loan backed by T-Mobile shares (\$4.38B). As a precondition for SBG to fulfill its guarantee obligations, the lenders are obligated to first recover the amount to the maximum extent possible from Alibaba shares that have been pledged as collateral for the margin loan.)

LTV Calculation: SBG Standalone Equity Value of Holdings

$$\frac{\text{(L) Adjusted SBG Standalone Net Debt } \text{¥3.71T}}{\text{(V) SBG Standalone Equity Value of Holdings } \text{¥29.81T}} = 12.4\%$$

* Listed share prices and FX rates as of March 31, 2021

- Alibaba: calculated by multiplying the number of Alibaba shares held by SBG by the share price of Alibaba; less (i) the sum of the amount to be settled at the maturity (calculated by using the share price of Alibaba (ADR) as of March 31, 2021) of the prepaid forward contracts using Alibaba shares (collar contracts and call spread) (¥2,605.5B), (ii) the amount equivalent to the outstanding margin loan backed by Alibaba shares executed in March 2021 (¥894.1B), and (iii) the amount equivalent to the outstanding margin loan backed by Alibaba shares executed by SB Northstar in October 2020 (¥662.6B).

- SBKK: calculated by multiplying the number of shares held by SBG by the share price of SBKK; less the amount equivalent to the outstanding margin loan backed by SBKK shares (¥498.7B).

- T-Mobile: calculated by multiplying the number of shares held by SBG (including the number of shares subject to call options (101,491,623 shares) received by Deutsche Telekom AG) by the share price of T-Mobile; plus fair value of SBG's right to acquire T-Mobile shares (48,751,557 shares) for no additional consideration if certain conditions are met, and fair value of the right of a subsidiary of SBG to receive T-Mobile shares if certain conditions are met, in connection with the transaction in which T-Mobile sold T-Mobile shares to Trust that offered its Cash Mandatory Exchangeable Trust Securities; less the amount of derivative financial liabilities relating to the call options received by Deutsche Telekom AG and the loan amount that is considered as asset-backed financing non-recourse to SBG (¥223.9B), which is a portion of the balance of margin loan using T-Mobile shares pledged as collateral (¥481.3B). As for the margin loan of \$4.38B backed by T-Mobile shares, SBG has, as an exception, guaranteed a portion of the loan with the \$2.02B cap on the guaranteed obligations.

- Arm: calculated based on the acquisition cost, excluding the number of Arm shares held by SVF1.

- SVF1: value equivalent to SBG's portion of SVF1's holding value + performance fee accrued, etc

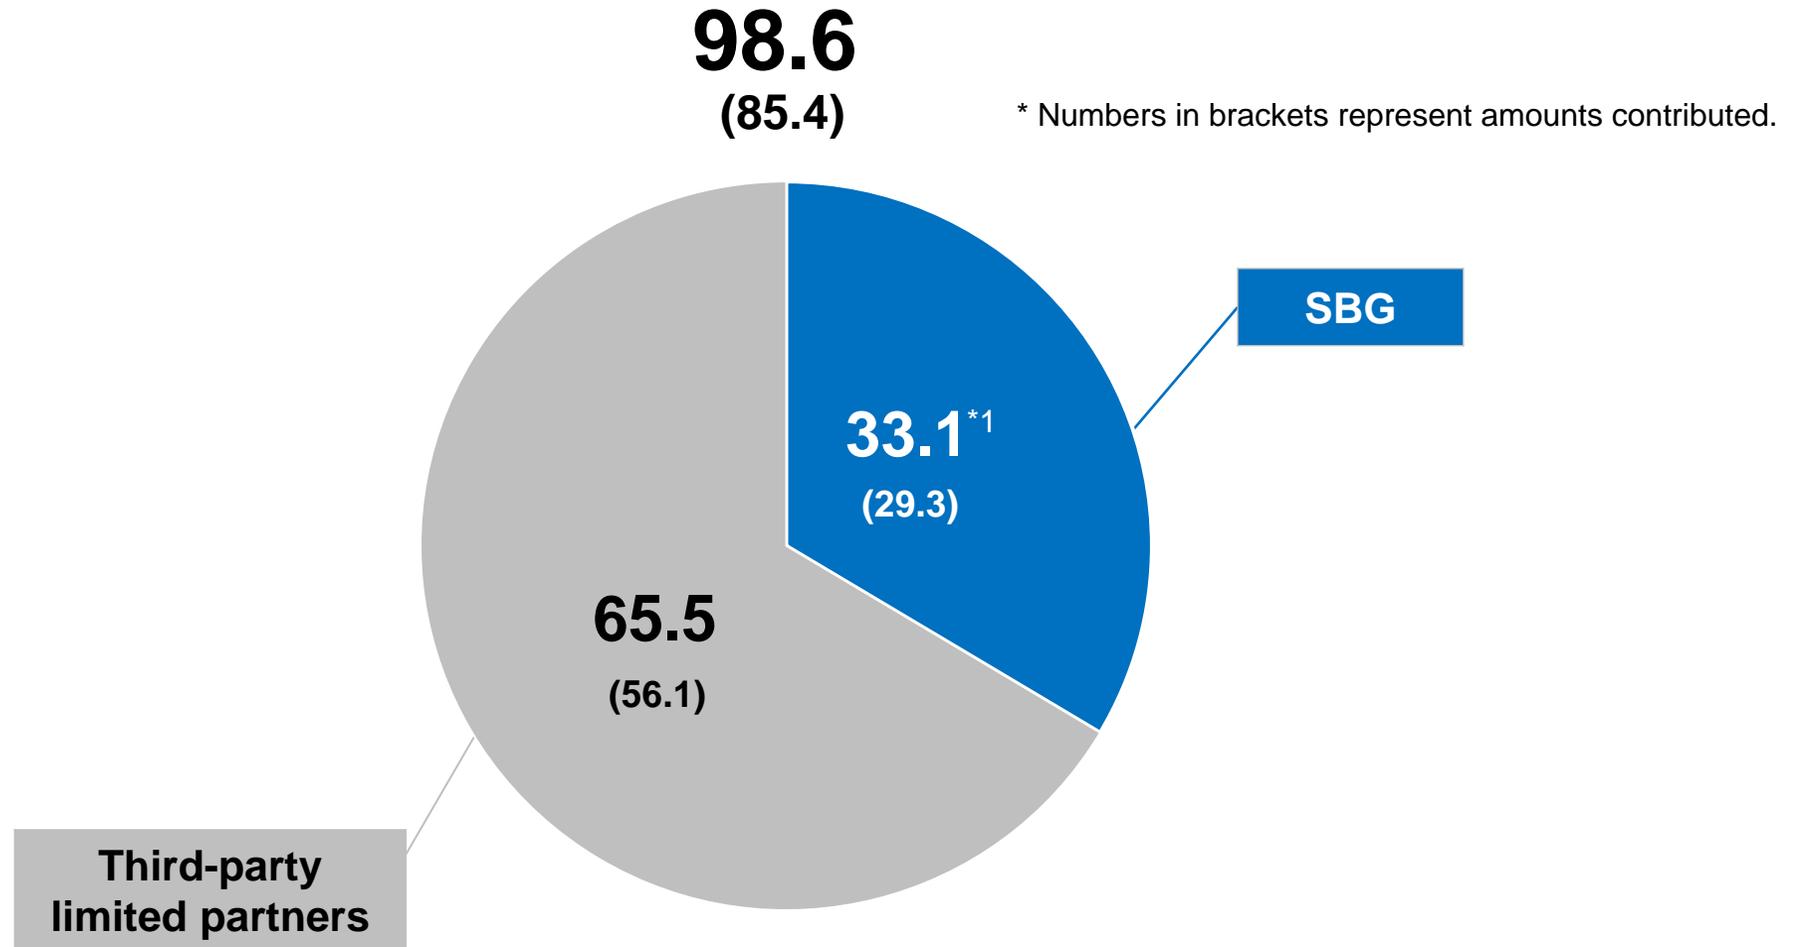

- SVF2: value equivalent to SVF2's holding value + performance fees accrued

- Investments in listed stocks: value equivalent to SBG's portion of asset management subsidiaries' NAV, etc. + the amount equivalent to the outstanding margin loan backed by Alibaba shares executed by SB Northstar in October 2020 (¥662.6B).

- Other: the sum of listed shares: calculated by multiplying the number of shares held by SBG by the share price of each listed share and unlisted shares: calculated based on the fair value of unlisted shares, etc. held by SBG.

SVF1: Capital Commitment (as of March 31, 2021)

1. Gross Return to SVF1 is the sum of the cumulative Gross Realized Proceeds from exited and partially exited investments, realized dividend income related to portfolio companies, and Fair Market Value of unrealized investments held by SVF1 as of March 31, 2021. Gross Gain/(Loss) to SVF1 is the difference between the Gross Return to SVF1 and Investment Cost to SVF1. Gross Realized Proceeds are before tax and expenses and include proceeds from the exited and partially exited investments and their related hedges. Fair Market Value reflects unrealized estimated amounts, does not take into account fees or expenses, and should not be construed as indicative of actual or future performance. There can be no assurance that unrealized investments will be sold for values equal to or in excess of the total values used in calculating the information portrayed herein. Actual returns on unrealized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions on which the information reported herein is based.

SBG's return and gain or loss on any SVF1 portfolio company are not the full Gross Return and Gross Gain/(Loss) to SVF1 but are net of third party limited partners' interest in SVF1 and SBG's share of any applicable fees and expenses of SVF1. Such deductions will reduce the value of returns from SVF1 experienced by SBG and SBG's investors.

2. Investment Cost to SVF1 is cumulative from SVF1 inception to March 31, 2021. Investment Cost includes investments that have been fully or partially realized since inception.

3. Listed company total only includes companies that have become publicly listed on or after the date SVF1 made its initial investment in the companies. The companies indicated as fully exited are fully exited companies that became publicly listed on or after SVF1's initial investment in the companies and before SVF1's full exit from the companies.

4. SBG Consolidated basis: includes the impact from hedges on the public securities and the effect of consolidating intercompany transactions. For certain investments that were once decided to be transferred from SBG to SVF1 but canceled afterwards, their unrealized gain (loss) incurred for the period leading up to the decision to cancel the transfer are not included in the presentation.

5. Net Asset Value includes net changes in fair value of financial assets at fair value through profit or loss (FVTPL) and investment gains/losses recorded as deemed capital movement. Net change in fair value of financial assets at FVTPL and deemed capital movement are based on valuations that reflect unrealized estimated amounts, do not take into account fees or expenses that would reduce the value of returns experienced by investors, and should not be construed as indicative of actual or future performance. There can be no assurance that unrealized investments will be sold for values equal to or in excess of the total values used in calculating the information portrayed herein. Actual returns on unrealized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions on which the information reported herein is based. Accordingly, the actual realized returns on investments that are unrealized may differ materially from the values indicated herein.

6. Distributions include Realized Proceeds and Preferred Equity Coupon distributed from SVF1 to Limited Partners from Inception to March 31, 2021. It includes the Return of Recalable Utilised Contributions that were returned or retained and reinvested and the Return of Non-Recalable Utilised Contributions but does not include the Return of Recalable Unutilised Contribution.

7. Performance Fees earned by SBG through its subsidiary, SBIA UK reflect total Performance Fees earned by the Manager from Fund Inception to March 31, 2021.

Information herein is presented for illustrative purposes and relates solely to SVF1. Past performance is not necessarily indicative of future results. Individual investors' results may vary.

1. Listed company total only includes companies that have become publicly listed on or after the date SVF1 made its initial investment in the companies. The companies indicated as fully exited are fully exited companies that became publicly listed on or after SVF1's initial investment in the companies and before SVF1's full exit from the companies.

2. SBG Consolidated basis: includes the impact from hedges on the public securities and the effect of consolidating inter-company transactions. For a certain investment that was once decided to be transferred from SBG to SVF1 but canceled afterwards, its unrealized gain (loss) incurred for the period leading up to the decision to cancel the transfer are not included in the presentation.

3. Gross Return = Unrealized value + Realized value (incl. realized dividend income related to portfolio companies). Realized values are gross of transaction fees, taxes and other expenses. SBG's return on any SVF1 portfolio company is not the full return amount for the SVF1 but is instead proportionate to its commitment amount to SVF1 and any return received as a parent to the Manager, and does not reflect fees and expenses that would reduce the value of returns experienced by SVF1 investors.

4. Gross multiples of invested capital (i.e., the total unrealized + realized gross return divided by the invested amount, "Gross MOIC") are reflected on a gross basis, before the impact of hedges on the public securities, and do not reflect the deduction of management fees, partnership expenses, performance fee, taxes & transaction fees, and other expenses borne by the limited partners. Net performance for individual investments cannot be calculated without making arbitrary assumptions about allocations of fees and expenses, and for that reason is not included herein.

Publicly quoted exchange rates may have moved either upwards or downwards, even materially, since the measurement dates indicated herein. The exchange rate for each company on this page and used for calculation of return were taken as of March 31, 2021.

Past performance is not necessarily indicative of future results.

Select investments presented herein are solely for illustrative purposes, have been selected for illustrative purposes to show the public securities held by SVF1 before or as at March 31, 2021 and do not purport to be a complete list of SVF1 investments. References to investments included herein should not be construed as a recommendation of any particular investment or security. It should not be assumed that investments made in the future will be comparable in quality or performance to the investments described herein. Please refer to visionfund.com/portfolio for a more complete list of SVF1's investments.

Valuations reflect unrealized and partially realized estimated amounts and should not be construed as indicative of actual or future performance. Such values do not reflect fees and expenses that would reduce the value of returns experienced by SVF1 investors. There is no guarantee that historical trends will continue throughout the life of SVF1. It should not be assumed that investments made in the future will be comparable in quality or performance to investments described herein. There can be no assurance that unrealized and partially realized investments will be sold for values equal to or in excess of the total values used in calculating the returns portrayed herein. Actual returns on unrealized and partially realized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions on which the valuations reported herein are based. Accordingly, the actual realized returns on investments that are partially realized or unrealized may differ materially from the values indicated herein.

SVF1 performance metrics are based on final Valuation and Financial Risk Committee ("VFR") results. While SVF1 performance figures have been calculated based on assumptions that SBG believes are reasonable, the use of different assumptions could yield materially different results, and the VFR may adjust any of these values. As such, SVF1 performance figures are subject to change and not necessarily indicative of the performance of SVF1 and are included only for illustrative purposes.
