Important Information (2 of 2)

Vision Fund I performance herein is based on unrealized valuations of portfolio investments. Valuations of unrealized investments are based on assumptions and factors (including, for example, as of the date of the valuation, average multiples of comparable companies, and other considerations) that the Manager believes are reasonable under the circumstances relating to each particular investment. However, there can be no assurance that unrealized investments will be realized at the valuations indicated herein or used to calculate the returns contained herein, and transaction costs connected with such realizations remain unknown and, therefore, are not factored into such calculations. Estimates of unrealized value are subject to numerous variables that change over time. The actual realized returns on the Vision Fund I's unrealized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the Manager's valuations are based.

Vision Fund I performance is based in part on valuations of certain investments that were recently acquired by the Vision Fund I as a portfolio from SoftBank Group Corp; accordingly, the performance information herein, which is based in part on valuations of unrealized investments, is not indicative of future results. The selection of such investments, the timing of such acquisitions and the valuation and subsequent performance of those investments had a material and positive impact on the performance of the Vision Fund I. SoftBank Group Corp. is under no obligation to offer similar assets to the Vision Fund I in the future.

Past performance is not necessarily indicative of future results. The performance of the Vision Fund I or any future fund managed by the Manager may be materially lower than the performance information presented herein. There can be no assurance that the Vision Fund I, Vision Fund II or any successor fund managed by the Manager will achieve comparable results as those presented herein or that investors in the Vision Fund I, Vision Fund II or any successor fund managed by the Manager will not lose any or all of their invested capital.

Certain information contained in this Presentation has been obtained from published and non-published sources prepared by other parties, which in certain cases has not been updated through the date hereof. While such information is believed to be reliable for the purposes of this Presentation, none of the Vision Fund I, Vision Fund II, any successor fund managed by the Manager, the Manager, SoftBank, or their respective affiliates assumes any responsibility for the accuracy or completeness of such information and such information has not been independently verified.

Certain hypothetical illustrations set forth herein contain projections, targets, assumptions and expectations with respect to the performance of investments. These hypothetical returns, including the projections, targets, assumptions and expectations contained therein, have been prepared and are set out for illustrative purposes only, and do not constitute forecasts. They have been prepared based on the Manager's current view in relation to future events and various assumptions and estimations, including estimations and assumptions with respect to events that have not occurred, any of which may prove incorrect. Others may select other underlying assumptions or methodologies that would significantly affect the projected returns or performance information set forth herein, even materially.

Third-party logos and vendor information included herein are provided for illustrative purposes only. Inclusion of such logos does not imply affiliation with or endorsement by such firms or businesses. There is no guarantee that the Manager, the Vision Fund I's portfolio companies, any future portfolio companies of a successor fund managed by the Manager or SoftBank will work with any of the firms or businesses whose logos are included herein in the future.
